Great New Music for Kids

I'm always amazed at the variety of music now available for kids. When my oldest boys were young, we were pretty much limited to endless rounds of "Wheels on the Bus" and *Barney* songs. Today, there are so many more options for kids that even adults will enjoy! Here are four terrific selections that I've been sent to review recently:

Title: **Chanukah Fever**

Artist: **Mama Doni**

When I was first sent this CD, I wrote the publicist to say, "Uh, I think you sent this to the wrong person. I'm not Jewish!" But she assured me that you don't have to be Jewish to enjoy the songs on this CD. She was right! These songs are HILARIOUS! With titles like "The Legend of Sour Cream vs. Applesauce," "Latke Man" and "The Funky Gold Menorah," you know you're going to be entertained. Mama Doni is one cool Jewish chick! I strongly recommend that you go listen to her music at www.mamadoni.com. It will definitely give you "Chanukah Fever"!
